Forecaster Sees Normal Winter In High Sierra Area

There are still hopes that this region will receive a normal amount of snowfall this winter.

This is based on the conclusion of Weldon F. Heald, a member of the Sierra Club who is a student of western weather, climate and glacial behavior.

One of Heald's studies involves the charting of seasonal snowfalls from weather bureau records at Soda Springs beginning in the winter of 1870-71. He supplements these records with studies of tree rings to produce records dating back to 1811.

This winter's prediction is 400 to 425 inches of snow.

"This would mean that the drought of the last few years is broken and the cycle will be up through 1968," Heald said.

Heald has discovered that snowfalls vary in approximately 15-year cycles. The results of his studies were published in June, 1949 by the Sierra Club, one of the largest and most influential outdoor and conservation organizations. At that time he made observations including:

"The year 1952 should bring the heaviest season and culminate the maximum, but this might occur in 1951 or 1953."

The winter of 1951-52 produced 788 inches, an 81-year record high.

Heald's 1949 report saw the next minimum occurring in 1957 to 1960 and the next minimum from 1965 to 1968.

Postal Receipts In Truckee Reflect Growth Of Region

Postmaster Richard Higgins reported the gain was not large —only $580.81 — but nevertheless an increase.

Deer Shortage To Be Discussed At Sportsmen Meet

Despite the fact this region has had three open winters, with ample feed for much larger herds, the buck population has declined to a dangerous point and unless steps are taken to correct the situation, deer hunting in the area may become a poor sport.

This subject will be aired thoroughly at a meeting of the Truckee Outdoor Sportsmen in the new fire station Friday evening at 7:30 o'clock, Director Charles Osburn announced.

Some of the sportsmen, including Osburn, are of the opinion that certain sections of the district be closed for a season or two to allow the buck population to increase to a point where there will be a larger crop of fawns. Recommendations will be made to the state officials following tomorrow night's meeting.

George Wurst, deer management official with the department of fish and game, will attend the meeting and present facts and figures which he has compiled and which will provide an aim for the sportsmen.

The doe population, sportsmen agree is not what it should be because of the dirth of fawns, but the big worry for the coming years is how to improve the buck stand.

One local hunter, who has hunted this region for many years by horseback, spent 16 days during the last season in some of the best locations and failed to even see a buck.

Logging trails have made easy access to the back country and as a result too many bucks have been killed, in the opinion of experienced sportsmen. By eliminating the bucks, the fawn population will naturally decrease and it may not be many years, sportsmen contend that the sport will be stopped unless drastic measures are taken to correct the situation.

That will be the subject of Friday's meeting and everyone interested in seeing the sport of hunting continued without complete closure of the district, is invited to attend an express opinions. Robert Moore, president of the organization, will preside.

Probe Continues Into Mystery Of Body On Summit

Although Placer County authorities are continuing their investigation into the death of Mrs. Leslie G. Hensley, 50, of Norden, whose frozen body was found in the snow Saturday morning, it has definitely been established that she was not a victim of foul play as first suspected.

The body of Mrs. Hensley, wife of Dempsey Hensley, Southern Pacific employe, was discovered 150 yards from Highway 40 near an old dirt road leading into Sugar Bowl by two University of California skiers, Michael Fein and Nick Newmark, who immediately notified Travis Bowman, caretaker at Alpine Lodge.

The California Highway Patrol and Placer County officers were notified and the investigation begun. Because there were noticable bruises and lacerations on the victim's face and body, it was at first presumed she had been attacked. However, it was later established that she suffered the injuries in numerous falls as indicated in the snow.

It was first believed that she had been dead about 36 hours but upon further investigation by Assistant Coroner Harry Sands, it was reported that body may have been preserved in the snow for weeks.

When found the body was attired only in a slip and sweater and one shoe. Her skirt was found nearby. Speculation is rife as to how she came to be wandering in the woods more than a mile from her home.

The victim's husband sair his wife went to Reno the Friday before Christmas and that he had not heard from her until her body was found in the snow.

Last rites for Mrs. Dempsey were held yesterday afternoon at the Truckee Colonial Mortuary.

DONNER DOINGS

By VIRGINIA O'BEAR

The weather has been just beautiful the past few weeks and the lake calm with reflections of the mountains. If we don't get some more snow soon we will have another dry year and the fire hazard will increase. There is talk around Reno about trying to get the rainmaker to come back and try for some rain. They are really worried in Nevada.

* * *

Speaking of fire, there was another one Sunday evening around six o'clock. The Donner firemen were called to the Lakeview Motel this time and the unit occupied by the Ken Preston family was burned. The Prestons were visiting in Sacramento at the time and didn't know they had lost most of their personal belongings as well as their two poodles until they returned home late that night. It was a good thing Bill and Julia Davis were home as they and the firemen saved the other units of the motel. Neighbors served the firewith plenty of coffee and some of the ladies in the neighborhood washed the clothing they were able to salvage from the home. The Donner firemen have been kept busy the past few weeks and I sincerely hope they get a rest and no more fires for awhile!

* * *

Mr. and Mrs. Dave Leland and daughter Jill of Donner Lake are on a three week vacation. They will visit with relatives and friends at Miami, Florida, and will tour many states and will see Hoover Dam, Carlsbad Cavern and Grand Canyon, before their return home.

* * *

Mr. and Mrs. H. Carles are returning this week after a week away from their Donner home. Carles said before he left that when he and his bride were in Reno just before Christmas that someone broke into their car and took all their wedding presents. I hope the Reno police find the culprits but it is doubtful.

* * *

Youngsters have something to look forward to every Saturday morning for awhile now. They started the ski-skate program last week at Squaw Valley and from what I hear, it's quite successful. Children are coming from Reno for this program so Squaw Valley was really invaded Saturday. There were so many skaters that our local group had to skate outside but were promised the Blyth Arena this Saturday.

* * *

Auxiliary members of the Donner Lake Volunteer Fire Department will meet next Thursday night, January 18th at Donner Lake Lodge. The dinner will start promptly at 7:30 and hostesses are Clarice Richards and Olga Welch. The four members who are "mothering" their little cactus plants are asked to bring them to this meeting for judgment on the healthiest and tallest! Members having birthdays in December and January are asked to bring their pig-in-the-poke gifts, too. This should be a very interesting meeting so plan to attend and take a friend. The board meeting will be on Monday night, January 1th at the home of Muriel Wiser.

Damp Weather—

Mrs. Jess Taylor wrote a note from Yuba City, describing the prolonged damp and foggy weather, even fishing has not been up to expectations. They are looking forward to spring and returning to Lake Tahoe.

SUMMIT SCENE

By FRAN COUILLARD

HAPPY NEW YEAR! By this time that phrase seems dated, trite and utterly unneccessary. So use it for next year, if you wish. Which reminds me that I am about to send out my 1962 Christmas Cards. In case you haven't seen me—(and its a cinch you haven't heard from me) I have been peddling around with my arm in a sling. Some people, when they get frustrated, jump off the Golden Gate bridge. The frustration of the holidays caused me to throw myself down a ridiculous small flight of stairs. However I underestimated the force of my frustration and while I was told that I could write with my wing in a hammock — the thought of a Summit Scene opus was a little more than my complete frustration could fathom. And so again Happy New Year! And we shall attempt to carry on until the next fit of despondency might incapacitate yours truly.

We still look back on New Year's Eve with a shudder. Because we had two of 'em. Three day holidays are the pride and joy of the Ski Lodge operators. (You'd think they invented them themselves!) But New Years on Saturday Night and New Years on Sunday night was a bit frazzling. Besides — (reports to the contrary) the snow has melted from sun soaked spots and what's left is pure unadulterated mud. We had a buffet at midnight on Sunday for the second round of the revelers. Said buffet was set up for around 300 people — and within a few minutes after same was set out — the beautiful spread looked as tho' it had been attacked by a power lawn mower. So that means that over 300 people came to revel in the revel. And that means that at least 600 individual boots carried in at least a quarter pound of mud each which mud, as mud is wont to do, dried on the nicely polished tiled floors. Which means that when the twists, the polkas, the schottiches, and the cha cha were being executed the dust rose and it appeared that a sand storm was in operation. So Happy New Year!

And as long as I am in a griping mood—(and I may be severely censored for this—but go on and print it anyway Walt Barrett—I can take it) why do most of these pretty gal skiers who spend from $3.50 to $7.00 a throw getting their tresses beautifully coifed — put their head thru' a knitted band, fasten it tightly around their head just over their ears, and then comb out their hair over the top of same so that they resemble whooping cranes? Saw so many of these cranes, and when the "twist" is applied to the set up, thought I was in the jungle, what with the dust and all. But Happy New Year! And Whoopie-

Now we'll scoot around hither and yon and delve into the seemingly forgotten places whilst we catch up!

In the New Comer's department: Meet Don Kast. Don hails from Highway Fifty and the Edelweiss Sector. He has now become a one hundred percent PlaVadaite—not only resides in the Pla Vada Woodlands subdivision, but is a fully qualified and certified ski instructor on the Pla Vada Hills ski slopes. We should qualify that a little further and say ski school director. Looks like Don is here to stay for during the week he works for the Friendly Ones (S.P.) and on week ends he will assume the aforementioned routine. Three little ones has he and Mrs. Kast—eldest but four and a half so the Donner Trail School had better put another gusset into its seams. Helping Don will be Jim Campbell — who will become known as area manager. Added to Pla Vada's former T Bar and Rope Tow—is another beginners rope tow this season. Also quite a bit of clearing hash occurred on the lovely terrain this past year. Won't need too much snow to ski at Pla Vada.

Not being a skier we hope that we get skiing doings reported alright! (And not being a skier—we'll bust ourselves up in our own way—so there!) So from Donner Ski Ranch: Let them talk about a lack of snow. These Sayler kids (Norm' and Karen) care not a whit! They still pack 'em in every week end and still maintain that skiing is fine! And it must be even tho' the Ski Ranch Slope faces Donner Lake and sticks its tongue out at the early morning sun that pokes its hat up over Donner Lake and makes the ski ranch slopes blush early in the day! Because the Tioga Ski Club — one hundred and sixty of them — had their interclub race at the Ranch this past week, a giant slalom deal. And next week comes up that Thunderbird Race that we told you of some time ago —and if you want to know more about the Powers and Whittlesey Thunderbird Trophy which is to be a perpetual one and stands yea high—then dig up your copy of the Sierra Sun that reports same, enter your kids—and let's get going!

And as we kind of associate Herb Pink with the Ski Ranch (guess he is about the oldest in senority so far as the National Ski Patrol goes because we believe we've seen him around for at least fifteen years) we hasten to mention a "matched" item in our column. (Haven't any "hatched" or "dispatched" to report at this moment). We are ashamed to say that our reporting on this match must be rather sketchy for when Herb brought in his bride of but a few hours we were busy herding them in and out of our dining room—and (blush,blush) we forgot his pretty wife's name. However, we do remember that she is a member of the Peninsula Ski Club and we do remember that at Herb's table was a big bottle of champagne, and we do remember that good old Herb Pink actually looked like a bridegroom, and we know that all of Herb's good mountain friends wish him the very best and we think it's a fine time of life for Herb to get out of general circulation!

And getting away from the sublime and down to business. Tisn't many of you who know that the Chico radio station calls yours truly every Friday A.M. and gets various and sundry items taped for week end broadcasting. And this nice program comes under the head of public service. We mention this in the event that you have some special event in your domain that you think should be promoted.

The young social tea-teen set had a whirl when Debbie Zorich (emmulating the social graces of her mother Barbara Zorich) hostessed her own birthday party last Saturday evening. The girls, curled and wearing the latest in teen togs were Lynn Aro, Barbara Lyddane, Laurel Mason, Gail Winthers, Bunny Board, Jane Allyn, Beth Russell and Robin Coats, (these latter two from Yuba City). And the young masculine masters were Billy

LOCAL SCHOLARS PARTICIPATE IN VISION CONTEST

Sacramento Valley Optometrist Society's 10th annual Safer Driving Through Better Vision poster and essay contest is being conducted again this year at Tahoe Truckee High School, according to Dr. Marvin I. Schwartz. All entries must be submitted by January 26.

Tahoe Truckee winners will receive special certificates and a chance to share the $170 prize money awarded the area winners.

Fifteen high schools in Nevada, Placer, Sacramento and Yolo are participating in the area contes this year.

Entry blanks and contest details are available from the principal's office at the high school or Dr. Schwartz's offices in Truckee, Tahoe City or Kings Beach.

Local winners will be announced in early February and the area winners will be honored at an awards banquet in Sacramento on February 15.

WRONG SIDE DRIVING RAPPED BY PATROL

An easy way to tell if you are in the wrong lane on a multi-lane highway or freeway is to look right—if cars are passing on that side, you should move to the right at the first safe opportunity.

"That rule of thumb is based on the law which states that vehicles moving slower than the normal flow of traffic shall be driven in the right-hand lane or as close as practicable to the right-hand edge of the roadway," California Highway Patrol Commissioner Bradford M. Crittenden said.

"If you are driving in an inside lane of a multi-lane highway and cars begin to pass you on the right, it's a reliable indication that the normal flow of traffic is moving faster than you are.

"By forcing vehicles to pass on your right you are creating a hazardous situation, as well as violating the law," the commissioner said.

"The result of observing this simple rule—look right, then move right—is that motorists will use the right-hand lane for driving and reserve the inside lanes for passing—which is exactly what the law was meant to accomplish. Compliance with this law by each driver will mean a safer, smoother trip for every vehicle on the road."

KINDERGARTEN—The Christmas spirit was shown in the kindergarten when Dallas McPherson presented Jess Ann Person with a beautiful doll.

Children of the afternoon class getting stars on number papers were Meredee Baker, Linda Lewis, Christine Onorato, Deborah Painter, Janis Sampson, Linda Metcalf, Guy Tomlinson, Susie Kelley, Michael Jones, Jenifer Pelletier and Juli Shaver.

Birthday books were made for Lisa Austin, Christine Onorato, and Lynne Koll.

SECOND GRADE— Many children reported that they had taken a trip over the holiday.

John Attardi, Robbie Easton, Scott Jorgensen, Cinthie Ables, Corleen Hepner, Charleen Keehn, Nancy Kelley, Susan Kettenhofen, Susan Lewis, and Karen Mullen all received 100 per cent in their 22 word spelling test.

THIRD GRADE— Some of the children in the third grade who went out of town over the Christmas holidays were: Fred Milligan to Monterey and Chico; Jennine Michener to Alameda; Michelle Legras to San Francisco; Carl Ruschmeyer to Montara; Marlene Lisle to Turlock; Carl Ruhkala to Loomis; Sherry Freeland to Lovelock; Chris Husted to Yuba City; and Dan Dempsey to Dixie Valley.

FOURTH GRADE— The fourth grade was a guest of the telephone company Thursday afternoon and was given a guided tour of the entire plant which ended in a humorous exit with Kristan Attardi's dog howling defiance while Mr. Easterly demonstrated the high pitched sound detector used in trouble shooting off the main switch board.

SEVENTH GRADE— "A" spellers last week include: Davalene Alves, Jim Bechdolt, Jon Caulkett, Nancy Donaldson, Bonnie English, Tad Hall, Donald Kupka, Ernie Marier, Larry Moustris, Marty Spitsen, Danny Sprague, Darlinda Stark, Leigh Swigert, Linda Smith, Robert VanRooy, Danny Williams, Sandra Woods and Gretchen Lawlor.

EIGHTH GRADE (Mr. Hawk)— The class plans to have a party Tuesday with the $5.00 won in the PTA membership contest. They were victorious with 108 per cent.

KINGS BEACH— Ten grammar school students will participate between acts of Cinderella on January 13 and 14 at 2:00 p.m. at the Nevada Lodge, Crystal Bay.

Mrs. Marilyn Schaft of Reno, formerly a dance instructor in the Kings Beach area, is using five of her former students for a dance. Those participating are: Candy Ehlers, Mary Ferrari, Barbara McMillan, Cindy Plunkett and Janice Wing.

Mrs. Helene Batt is working with Lee Batt, Randy Hiatt, Jim and Cole Smith, and Monte and Jerry Neugebauer teaching them an appropriate song which will be enjoyed by the audience.

Members of the cast for this production being directed by Mrs. Margurite Ashton are: Mrs. Joan Housarman, Tim Mizner, Mrs. Audrey Brehler, Mrs. Kay Felte, Mrs. Jean Schwartz, Mrs. Betty Vance, Dr. Marvin Schwartz, Miss Ryl Elder, Mrs. Pat Acker, Jim Petersen, Mrs. Gwen Robinson and Tom Hoffman. Mrs. Joy Plunkett is prompting and Mrs. Betty Goodhue is making many of the necessary "props". Mrs. Alice Price and Mrs. Cecile Smith are working on the extensive makeup. Mrs. Ruth Mizner is the accompanist for the many songs that are being sung by the cast.

Hair styles for some of the cast are being created by Terry Baker and Jetta Steward.

Tickets are available through Room Mothers at Kings Beach and Tahoe City Elementary schools or at the door. The following merchants and offices also have tickets for sale: Stop & Shop Market, Jack's Market, Kings Beach Variety, Town & County Variety, Chamber of Commerce, Tahoe Business Service in Kings Beach; Cotting & Wetzel and Warren Porter's in Tahoe City.

Mrs. Jack Felte announced that a second Sunday performance of the anticipated Cinderella, to be held in Crystal Bay Club will immediately follow the two o'clock presentation, by popular demand.

Three thirty is the scheduled time for the second matinee and tickets purchased in advance will be honored for the first showing, the overflow being taken care of in the later time, Mrs. Jack Felte said.

SUMMIT SCENE

(Continued from Page 3)

Strickland, Greg Young, Sherman Williamson, Barry Cardwell, Jim Cross, and Pat Vail. We understand that the family room wherein there is a smallish type bar was dignified by Shirley Temples and Coca Colas — that regular canapes were served and "brought in" entertainment was established for the edification and amusement of the SET. Because Jim Licklighter "schools" a portion of the gathering and because Jim plunks a mean guitar and sings in lusty voice (and is dubbed by those that have heard him — as a real "pro") Jim was asked to render a bit to put the set on the right track of social etiquette. But this here Bassett (which we covered in our fashion show report) known as Charlie Brown Zorich—kind of ruined the show by joining in. With nose pointed toward heaven — Charlie gave forth also and had to be locked away so that the young set could get on with the Twist (honest)! Understand that Charlie, in spite of his low carriage, is a real tenor!

We devote a little time to our boy Bob Forster, of Soda Springs. Bob — 17 year old son of June and Lee Forster of the Soda Springs Ski Shop was the only Soda Springs kid to receive an invitation to the Mammoth Training Camp and spent Christmas Day thru' January 1st away from his family — seeking to bring honors to his home town of Soda Springs. This camp (and I quote Bob's invitation) "we plan to make this invitational camp for the top FWSA juniors and annual event alternating between the north and south" held thirty of the Far West Division of three States (California, Nevada and Arizona) youngsters — who were picked as "the heads of their particular classes." Bob has been skiing for but six years and has many honors to his credit.

Which brings us up to the very present and the junior qualifying race of Northern California which was held at the Sugar Bowl last Saturday and Sunday in which our boy placed 4th in the Class I Boy's Downhill. Amongst 200 entries, all of our Soda Springs Kids made a fine showing. Practically all raised on skis — it was a beautiful bestowal on their little home hamlet when Billy Strickland, Patty Kelly, Deb Zorich, Tom Terkelson and Sherman Williamson gracefully took their parts and "showed" in competition with 200 contestans.

And we believe we have "covered" to the best of our ability and with what information we have been able to glean so its again.

Ralph Rauscher is in charge of the work party committee which will complete the club room, the use of which has been given by the Alpine Meadows management to the Ski Club.

Because of the success of the folk dancing, the performance will be repeated at the next meeting of the club which is scheduled to be held on Friday, January 26th, at the Tahoe Lake School.

It's been proven many, many times that this world is a small place — and it was again proven so two weeks ago at the site of the extinct African crater Ngarongoro in Tanganyika Territory when two tourists struck up a casual conversation and discovered that the sister of one and the brother of the other both resided in Tahoe City. The sister is Sylvia Cross and the brother Jack Holley. Mrs. Cross' sister and brother-in-law, Margaret and Clive Mace, reside in Dares Salaam. Holley's brother, Frank Holley of San Francisco, is representing the Holley Travel Agency while travelling in Tanganyika.

The Lake Tahoe Ski Club was very well represented by its junior racers at the Far West Ski Association junior qualifying races held at Sugar Bowl last Saturday and Sunday. The juniors competed in both slalom and downhill events in a field of approximately 180 racers. This meet was the first of two meets which will determine which juniors will be eligible for competition in FWSA point meets this season. The second meet will take place on January 20th and 21st at the Reno Ski Bowl if snow conditions permit. In the event that the meet cannot be held at the Reno Ski Bowl, the races will be held at Alpine Meadows.

Among the local juniors (now called the Thunderbirds) who placed in the top three in their respective classes are Paul Sullivan, Sandra Fellows, Vickie Jones, Allie Cushing, Karen McBride, Mark Sullivan, Dianne McBride, Cheryl Bechdolt, Sandra Poulsen, Greg Moore, Lance Poulsen and Doug Lindsey.

when Jimmy grows as big as his shadow

...the free world he lives in will be using almost a million gallons of petroleum every minute.

That's about 60% more than it uses today—by 1971.

Where will it all come from?

From hundreds of places on earth you might never expect oil to exist. Right now, for example, Standard's exploration teams are probing the ocean floor many miles out to sea ... trekking across Arabian deserts, marked "inaccessible" on maps.

Others are climbing over glaciers in Alaska, pushing through the snow into the frozen interior of Canada, slogging through the jungles of Latin America.

In the last ten years, geologists from Standard and its affiliates explored in 47 countries on six continents.

Is the search paying off?

Yes. In the United States alone, we found two new barrels of oil for every barrel we took out of the ground.

The search will continue to help make certain that Jimmy and his generation will have the oil they need for an ever-expanding number of homes, cars, mechanized farms and industries . . . and provide chemicals from petroleum that will help make possible more exciting new products.

HONOR SYSTEM FOR HUNTERS IS STUDIED

SACRAMENTO — (CNS) — The California fish and game commission will consider a type of honor system for issuance of hunting licenses, when it meets in Sacramento Jan. 19.

The new system is designed to make the issuance of licenses quicker for agents, plus saving the agents postage on returning material to the department. Under the new system, if adopted, the license applicant would fill in his license and stub and the agent would check the information, then put a stamp onto it. The license stubs would be retained by the agent, saving him the cost of mailing them to the department. The stamp books would be returned to the department with the license money.

COUNTY POPULATION SHOWS BIG INCREASE

Nevada County's population was 22,700 on January 1, 1962, according to California Taxpayers' Association estimates released today. The county showed an increase of 1,789, or 8.6 per cent, over the April 1960 Census figure.

California's total population as of January 1, 1962 is estimated at 16,657,000, representing an increase of 939,796, or 6 per cent, in the 21-month period since the April 1, 1960 Census figure of 15,717,204 was set. For the first full two years of the 1960 decade the increase will approximate one million people.

Only nine counties have shown losses in population during the 21-month period since the Census. These include Alpine with a decrease of only 7 persons, Del Norte, 2,271; Humboldt, 6,192, Inyo, 84; Mendocino, 4,659; Modoc, 408; San Francisco, 1,655; Sierra, 147; and Trinity, 1,376. The greatest loss percentagewise since the 1960 Census was in Trinity County, with a decrease of 14.2 per cent.

MONTHLY CLINIC IS SLATED JANUARY 26

The monthly immunization clinic, held by the Nevada County Health Department will be open to the public, Friday, January 26 at the Old Elementary School, Truckee. The hours are 12 noon till 1 p.m.

Special emphasis is again placed on the "polio" vaccination and, to the parents of preschool children, there is an implied warning to have those children, who will enter school next year, properly immunized for polio as the state law requires this immunization as a qualification for admission to school. No immunization — no admittance.

The proper immunization at present is a series of three injections four (4) weeks apart. This four week interval must be definitely followed. The highest protection in the blood serum is reached after this third injection.

SIERRA COLLEGE TO HAVE 950 ENROLLED

Sierra College spring enrollment is expected to total between 900 and 950, Dean of Student Services Kathro Frank predicted today. Miss Frank pointed out that the number of new students at mid-year normally falls short of equaling the number of dropouts.

Some 35 students will graduate at mid-year.

Returning students will enroll for the spring term next week, Jan. 15 to 19, following completion of their program counseling now in progress. New students will enroll Jan. 31, Feb. 1 and Feb. 2. Classes for all new students will begin Feb. 5.

Registrar James McClusky warned that a new state law requires all enrolling students, new or returning, to produce a verification notice that they have taken or begun polio immunization shots. No polio shots — no enrollment. That's the new state law, applying this semester to colleges and next fall to high schools and elementary schools as well.

MANY VISITORS ARE REPORTED IN SQUAW

In 1961 there were 1,408,757 visitors at the Squaw Valley State Park.

Paul Griffith, park supervisor for the state division of beaches and parks, which operates the facilities, reported the number was nearly 670,000 greater than the visitor total in 1960.

"The popularity of the Squaw Valley State Park," Griffith stated, "extends through the winter sports season into the spring, summer and fall months."

The state took over Squaw Valley to operate it as a park after the 1960 Winter Olympics.

During recent weekends, according to Griffith, crowds of nearly 50,000 took advantage of winter sports attractions in the park.

REHEARING ASKED IN CASE OF DR. WYATT

CARSON CITY, Nev.— Attorney Harry Claiborne of Las Vegas has filed a petition with the state supreme court seeking a rehearing of the appeal of Dr. Thomas D. Wyatt, 61, of Carson City and Lake Tahoe from an attempted abortion conviction.

The doctor, who formerly practiced in the Redding, Calif., area, was sentenced to one and a half to three years in the state prison a year ago after a Reno district court jury found him guilty.

He has been free on $10,000 bail since pending appeal. Last month the high court rejected the appeal.

STATE LICENSE FEES SHARED BY COUNTY

SACRAMENTO—(CNS) — State Controller Alan Cranston announced today Nevada county has received $5,246 as its share of motor vehicle license fees for the period June 1-Nov. 30, 1961.

For the past three weeks Stan Zwarg has had only brief glimpses of the sun, having spent the time at foggy Fresno where he was attending a special course, arranged by the Pacific Telephone Company. He said he was happy to return to Truckee where the sun has been consistently shining for all.

Bill Villa, parking lot attendant at Squaw Valley, is reported to have landed a 28-inch mackinaw while fishing near the Tahoe Tavern Friday.

The First World Conference of National Parks will be held in Seattle June 30-July 7, 1962.

DRIVER REPORTS HE WAS ROBBER VICTIM

Local road blocks last week failed to apprehend the two men in a pickup truck who Wednesday night held up a bread truck driven by Tom Lane of Sacramento near the Whitmore maintenance station east of Baxter.

Lane told officers that at 7 o'clock he was flagged down and one of the men held a knife at his throat while they robbed him of some $60 in cash and sped east.
